Triglycerides: 136 - 23

Blood Press: 134/84-108/64

Heart Rate: 84 - 51 BPM

UNICITY™

Why
UNICITY?TM

Why
NOW?

The background of the entire image is a repeating pattern of light gray human silhouettes. These silhouettes are arranged in horizontal rows, with some rows being more densely packed than others, creating a textured, crowd-like effect. The silhouettes are of a standard adult build.

100 MILLION

people are diabetic or prediabetic

are obese or overweight

CARDIOVASCULAR DISEASE
accounts for 1/3 of all deaths

The background of the slide is a solid dark green. It is decorated with numerous stacks of money, including both banknotes and coins, rendered in a lighter shade of green. These stacks are arranged in a way that creates a sense of depth and abundance, with some stacks being taller than others. The stacks are scattered across the frame, particularly concentrated around the edges and bottom, framing the central text.

Health costs total **\$200 BILLION**

spent on weight-loss, diabetes,
and cardiovascular disease
