LiFiber

Nature's Tea

Steep 1 bag in hot water after your evening meal

Aloe Vera

Take one capsule each evening

How does it work?

To Cleanse your Digestive Tract

The modern, low fiber diet does not allow the digestive system to work efficiently. Waste and mucous typically will adhere to the walls of the colon. When waste backs up, the colon can become congested.

When the colon is congested it is not uncommon to experience **headaches, skin blemishes, bad breath, and fatigue**.*

The **LiFiber** creates a **soluble viscous gel** when digested, trapping unwanted material and aiding in its exit from the body.*

Paraway Plus, a patented blend of the **best herbal ingredients** recognized for their **cleansing properties** helps the body to eliminate unwanted components.*

Aloe Vera or **Nature's Tea** each have cleansing properties.*

To Support Weight Loss Goals

The fiber forms a gel in your small intestines producing a **feeling of fullness** supporting your ability to wait four hours between meals, **encouraging your body to use fat stores** to meet your energy needs.*

When your elimination organs are not overburdened, your **weight loss goals are more achievable**.*
